

EXPO RT PRO DUCTS
OF THE REPUBLIC OF ADYGEA

Dear Ladies and Gentlemen,

The development of export business in the Republic of Adygea, as well as its development throughout Russia, have been identified as strategic directions of the state economic policy for the next few years.

Currently, Adygea has commenced the implementation of relevant national and regional projects, which will be supported by creation of the necessary infrastructure, including a center for supporting the export business in the Republic and specialized information resources aimed to stimulate interaction with international investors and commercial partners.

From this perspective, it is very important for us to establish business contacts, to build long-term mutually beneficial relations in the commercial business and economic domain.

I am sure that you will definitely find new opportunities in Adygea for your development through effective business cooperation with enterprises of the Republic of Adygea!

Head of the Republic of Adygea

Murat K. Kumpilov
